WITH HEAVY LOSS.

The Japanese Attacked the Russian Position at Anshanshan and Were Repulsed.

RUSSIAN CASUALTIES UNKNOWN.

There Are Five Jap Divisions Before Port Arthur, Part of Them Near the Fortress.

Attitude of the United States in Regard to the Seizure of Merchant Vessels Is Gratifying to the Russian Authorities.

Mukden, Aug. 6.—It is reported here that the Japanese attacked the Russian position at Anshanshan (midway between Haicheng and Liao Yang) on August 2 and were repulsed with heavy loss. The Russian casualties are not known.

Berlin, Aug. 6.—The National Zeitung prints a private telegram from Tokio, dated August 5, in which it is stated that there are five Japanese divisions before Port Arthur, part of them within three and a half miles of the fortress and that there are altogether 20 divisions in Manchuria. The telegram says that Tokio is expecting the fall of Port Arthur and the capitulation of Gen. Kuropatkin on the same day.

St. Petersburg, Aug. 6.—A press representative is able to announce that there will be no repetition of the Knight Commander and Thea incidents. Russia has issued instructions to naval commanders not to sink neutral merchantmen with contraband on board in the future, except in cases of direct necessity, but in cases of emergency to send prizes into neutral ports. "Direct necessity" may be regarded as a reservation of a right which Russia does not formally relinquish but which it is safe to say will not again be exercised during the present war.

Russia's concessions in this matter may be looked upon as proof of her sincere desire to avoid international complications or the unnecessary irritation of neutrals.

The authorities here feel that this course will be satisfactory to Great Britain and the other powers. With such assurances it will make the Knight Commander and Thea cases much easier of adjustment. As the witnesses and papers are all at Vladivostok these cases will probably go through the prize court there.

Much interest is shown in government and diplomatic circles here regarding the dispatches from the United States which report that the Washington government is sounding the powers as to their position concerning neutral commerce. This action of the United States government is very gratifying to the Russian authorities.

THE OPIUM TRAFFIC.

The Committee Appointed By Ex-Gov. Taft in Manila Reports.

Manila, Aug. 6.—The opium committee appointed last August by former Gov. Taft to investigate the laws and conditions with regard to opium in all Oriental countries has rendered its report. The committee recommends that opium traffic should be strictly a governmental monopoly at once, that at the end of three years of importation of opium should be absolutely prohibited with the exception of medicinal requirements, only confirmed habits of the drug who are over 21 years of age to be granted a smokers' license and that an educational campaign against the use of opium to be started in the schools.

MERCHANT SHIP SERVICE.

Training School Department Under Direction of the Government.

San Francisco, Aug. 6.—R. P. Schwerin, vice president and general manager of the Pacific Mail Steamship Co., appeared at the hearing of the United States merchant marine commission. He advocated the establishment of a training school department under the direction of the federal government in which young men might be trained as officers and fitted to govern ships in the merchant service. A training naval school with annual visits to foreign ports, was, he held, the ideal system.

Calumet, Mich., Aug. 6.—One man was killed and three were seriously injured by the cage in No. 6 shaft of the Hecla branch of the Calumet and Hecla mine running away. The hydraulic brakes failed to work and the car dropped 800 feet.

FIREMEN INJURED.

A Covington Ladder Truck Collides With An Iron Pole.

Covington, Ky., Aug. 6.—While responding to a still alarm at 6:20 o'clock Friday evening the ladder truck of Company 1, in trying to avoid running over a child, crashed into an iron pole at Pike and Madison avenue, injuring several of the firemen.

Jack Keenan, driving the truck, was thrown 15 feet in the air and fell on his left side, breaking a rib and sustaining a number of bruises.

Jacob Appel, fireman, was thrown under the truck just as a hind wheel was torn off and was struck on both knee-caps by the axle. His injuries are considered serious.

Fireman Bart Connelly was thrown to the sidewalk and struck on the head by a heavy ladder, which dazed him for a few minutes.

HIS DAUGHTER IS ILL.

Godfrey Hunter, congressman and a candidate for re-election from the 18th district, was called to Louisville Friday night from Somerset, Pulaski county, by the serious illness of his daughter, Mrs. W. A. Hunter, who, it is said, may never recover from her illness. Dr. Hunter's wife, who was in Estill Springs, also came to her daughter's bedside. Mrs. W. A. Hunter rallied slightly during the day, and Dr. Hunter returned Saturday morning to continue his campaign.

The doctors think that Adams' leg will have to be amputated.

LOST THEIR LIVES.

Michael Riley, His Daughter and Six of Her Little Girl Friends Drowned.

WERE BATHING IN THE MISSISSIPPI

While Wading, in the Darkness, They Stepped From a Sand Bar Into the Deep Channel.

The Whole Party Disappeared Beneath the Water and Were Drowned—One of the Crowd, a Child, Was Rescued.

Alton, Ill., Aug. 6.—While bathing in the Mississippi river Friday night Michael Riley, his daughter and six of the latter's little girl friends were drowned. One child who was in the party was rescued.

Riley lived near the river in the southern part of the city and was accustomed to bathe on the beach in front of his home after his return from work. Friday night his little daughter begged to go with him and Riley took her and seven of her little girl friends to the beach with him.

When they entered the water, Riley bade the children join hands and they all waded into the water and walked along a sand bar which stretches out into the stream at that point. They had gone some distance from the shore when suddenly the whole party disappeared beneath the water, having in the darkness stepped from the sand bar into the deep channel.

The children struggled and screamed, fighting desperately to reach the sand bar, where the water was only a foot or so in depth. Riley, who is said to have been a good swimmer, is thought to have been made helpless by the girls clinging to him and hampering his efforts to save them.

The only one in the party to regain the sand bar was Mary Timminy, 8 years old. The child is unable to tell how she saved herself beyond the statement that "I snatched my hand loose from the grasp of the little girl next to me, and soon found that I could stand up and that the water only came to my knees."

The beach where the accident occurred is practically deserted after nightfall, and the screams of the little Timminy girl failed to attract anyone to the scene. After Riley and her playmates had disappeared beneath the water, the child ran from the beach and reached her home, screaming at the top of her lungs. She was so hysterical that it was some time before her parents could gather an account of what had occurred.

Immediately Mr. Timminy organized a rescue party, but when they reached the beach there was no sign of Riley and the seven little girls who Mary had seen sink.

Boats were hastily secured and in a short time four of the bodies had been recovered. Searching parties worked late into the night.

According to the account of the accident given by the Timminy girl the drowning was caused by the excitement incident to the passage of a large river steamer. Mary says that they had waded some distance into the stream, keeping carefully to the sand bar, when the wash from the steamer caused waves of considerable height to come ashore.

ON THE EVE OF EXECUTION.

Death Sentence of Isalah Cooper at Arcadia, Fla., Revoked.

Arcadia, Fla., Aug. 6.—Isalah Cooper was not hanged here Friday for the murder of Marshal Bowman, as scheduled. Sheriff Fielder had everything in readiness and invited citizens had gathered in the jail yard when a telegram was received from Gov. Jennings revoking the death warrant, but ordering Cooper held in jail for further orders. Cooper had given up hope, had kissed his four children good-bye and just before preparing to leave his cell made the solemn statement that he was innocent of the crime charged.

Punta Gorda, Fla., Aug. 6.—There was great indignation here Friday when it became known that Gov. Jennings had revoked the death sentence of Isalah Cooper, convicted of the murder of City Marshal Boatman, of this town. A large crowd soon gathered and an effigy bearing the name of Gov. Jennings and Cooper was hanged and shot full of holes by the angry crowd. The general belief here is that Cooper is guilty.

Gored by a Bull.

Middlesboro, Ky., Aug. 6.—Henry Williams, superintendent of a coal company here, was gored by a bull and will probably die. His collar bone and breastbone were fractured and he was hurt internally.

THE LOOMIS FUNERAL.

It Was Probably the Largest Ever Held in Parkersburg, W. Va.

Parkersburg, W. Va., Aug. 6.—The funeral of F. Kent Loomis, which was held here Friday afternoon at the First Presbyterian church, was probably the largest ever held in Parkersburg. The church was crowded from wall to wall while hundreds stood outside unable to gain admission. The services were simple. The choir, of which he had for six years been a member, sang Tennyson's beautiful poem, "Crossing The Bar," and several of his favorite hymns were also sung. Rev. Dr. J. W. Francis conducted the services, assisted by Rev. Dr. S. Scotty Moore, of Trinity Episcopal church. In his address Dr. Francis referred to the uncertainty of the cause of Loomis' death. He said: "We do not know whether the cause of his death is hidden in the depths of the dark blue sea or in the blackness of a man's heart."

Hundreds followed the remains to the cemetery, where he was laid in the grave by the hands of friends of his boyhood, classmates in college and his associates in later life. Assistant Secretary of State Frank B. Loomis escorted Mrs. Kent Loomis to the funeral.

PARKER RESIGNS.

Ceases to Be Chief Judge of the New York Court of Appeals.

Albany, N. Y., Aug. 6.—Alton P. Parker ceased to be chief judge of the court of appeals of this state at 3:20 p. m. Friday and became the untrammelled candidate of the democratic party for the presidency of the United States, lacking only the formal notification of his nomination, which will take place at Rosemont next Wednesday afternoon.

Without advance announcement or intimation of his purpose, he came to Albany, took part with five of the other judges in clearing the court and then sent a messenger to file his formal resignation in the office of the secretary of state, as the constitution and public officers' law required.

INTER-PARLIAMENTARY GROUP.

The Members Will Be Taken on a Tour Through the United States.

Chicago, Aug. 6.—Secretary of the Treasury Shaw's suggestion that the members of the inter-parliamentary group for the promotion of arbitration, who will arrive in New York from Europe the first week in September, be taken on a tour through the large industrial centers of the United States was adopted at a meeting here Friday of the committee appointed by congress to provide for their entertainment. It was also decided that each member of the entertainment committee should take charge of the guests as they passed through the state in which such member resides. The convention will be held in St. Louis instead of Washington, as was first planned.

THE MINERS' TROUBLES.

Operators Submit a Proposition to Their Employes.

Wilkesbarre, Pa., Aug. 6.—At the meeting of the anthracite board of conciliation, held Friday at the request of the miners, the operators presented a plan for the settlement of the check weighmen and check docking boss questions, which have caused so much trouble in the upper coal fields. The operators ask that the entire controversy be submitted to Judge George Gray, the chairman of the anthracite coal strike commission, his decision to be final and binding. The miners asked for time to consider the proposition and action was deferred until the next meeting of the board, which will be held here on August 12.

THE PIMA INDIANS.

Report That They Are On the Verge of Starvation Unfounded.

Washington, Aug. 6.—A thorough investigation by the interior department of the complaint recently made to the president by a delegation from the Presbyterian board of home missions that the Pima Indians of California are on the verge of starvation, reveals the fact that the Indians, on the contrary, are amply provided for. It was found that \$27,000 already had been authorized for the relief of the Pimas during this fiscal year.

A RUN ON THE BANK

Rush of Depositors to the Drovers Trust and Savings Bank in Chicago.

A STOCKYARDS INSTITUTION.

Was Started by an Unfounded Rumor That a Packer Representative Withdrew His Money.

At Closing Time Friday Afternoon There Were at Least a Thousand Persons Waiting to Withdraw Their Deposits.

Chicago, Aug. 6.—The strike in the packing houses was practically lost sight of Friday in the excitement attending a run on the Drovers Trust and Savings bank, one of stockyards institutions. The rush of the depositors to the bank started early Friday because of an unfounded rumor that one of the packers' representatives had withdrawn his money from the institution and reports that the bank was being used by the packing companies as an adjunct in paying off their new employees, who have taken the places of the strikers. All day long hundreds of excited depositors, most of whom had only small accounts in the bank, stood in line to withdraw their deposits. When closing time came Friday afternoon there were at least a thousand persons waiting for their money. The officials of the bank determined to meet the emergency, called in extra tellers and the place was kept open until every depositor who presented himself at the window had been satisfied. The paying windows of the bank were kept open until after 8 o'clock Friday night. Nearly two hours before that time the last man in line had been paid his deposit in full and fresh arrivals had ceased coming.

It is estimated that upwards of 3,000 depositors called and withdrew their deposits during the day. When the run was at its height, the bank withdrew \$100,000 of its deposit with the Commercial national bank and a like amount from the First national bank in order to prevent any possibility of the bank being unable to meet its obligations.

"We have plenty of money to meet any kind of a run," said Vice President William A. Tilden, after the bank had been closed for the night. "We had over \$300,000 in our vaults and besides the \$200,000 taken from the downtown banks, have received offers of assistance from the First national bank of Chicago, the National Park bank of New York, and the Standard Trust bank of New York. None of these offers will be accepted, as we have on hand all the money we need. Our windows will be kept open until all of the depositors are satisfied, but from the appearance of things I think the run on our institution ended tonight."

Many of the workmen now on strike in the packing plants have deposits in the Drovers Trust and Savings bank, but the majority of the persons who gathered about the place Friday to demand their money were small tradesmen doing business in the stockyards district, and working people who are not and have not been connected in a labor capacity with the packing plants.

The Teamsters' union, the members of which are on strike, had \$2,000 on deposit in the bank, but no effort was made to withdraw this money Friday, the secretary of the union declaring that the money will remain where it is, as the bank is as solid as a rock.

No Action Was Taken.

Denver, Col., Aug. 6.—The Western Stock Growers' association who have been conferring here for three days with the special land commission appointed by President Roosevelt finally adjourned Friday night without taking any action with reference to the strike at the packinghouse centers.

The cowardly refusal of the Republican leaders at Washington to permit a Congressional investigation of the scandals in the Postoffice Department is quoted as evidence that "the Republican party has been too long in power." Time and again the Democrats tried to force an investigation, but to no effect.

The Bureau of Statistics of the Department of Commerce and Labor announces that wages have increased more than the cost of living since the depression of 1894 to 1897, but you don't have to take this as a fact unless you want to. The bureau is working overtime now to furnish Republican campaign material.

In the last seven years Cincinnati hotels, railroads and business men have spent \$28,000 in securing conventions for the Queen City. It is estimated that 200,000 people have been brought to Cincinnati by the 150 conventions that have assembled in the past seven years, and that \$2,000,000 has been circulated there that otherwise would not have come. That's how they do things down there and other cities might learn a lesson from the Queen City.

ROOSEVELT VS. ROOSEVELT.

Here is an exemplification of the effect of what is commonly called the "deadly parallel."

From the President's message to Congress in December, 1903:

While there may have been as much official corruption in former years, there has been more developed and brought to light in the immediate past than in the preceding century of our country's history.

From Mr. Roosevelt's speech of acceptance last week:

Never has the administration of the government been on a cleaner and higher level; never has the public work of the nation been done more honestly and efficiently.

Candidate Roosevelt ought to be a little more careful in his utterances. Such contradictory statements are calculated to destroy one's faith in his veracity.

Union Service Sunday Evening.

JEALOUSY, THE GREEN-EYED MONSTER.

Thy birthplace, perdition—
 Child of the Devil—
 Thou'rt here on a mission.
 Pregnant with evil;—
 And I, yes, thy part too,
 Surpassingly well,
 Outstripping, by far, most
 "Foul demons of Hell!"

When once thou hast taken
 Possession of mind,
 To every right action,
 Thy victim is blind!
 The man, or the woman,
 In such condition,
 The brightest of virtues,
 Views with suspicion.

Thou bringest distresses,
 Where I yet dwell before;
 And where thou polluest,
 Sweet peace comes no more!
 As when one approaches,
 The famed "I'pas Tree,"
 Destruction results, from
 A contact with thee.

Away from the earth, O
 Thou tormenting curse,—
 Seeking good things as bad,
 And making bad worse:—
 Go home to thy "Father,"
 And evermore dwell,
 With spirits congenial,—
 "Foul Demons of Hell!"
